EXPERIENCE

Senior Data Scientist

03/2021 - Ongoing

Rubikum

- Coordinated a team of 4 data scientists and 6 software developers working on AI project for Spanish public sector
- Design of WP, planification and executive presentation of results on AI project for Spanish public sector
- Modeled the payment default for credit-card company with 95 percent accuracy
- Integrated MLOps workflows and pipelines on multiple data science projects
- Worked on training and production deployment on AWS of NLP models for multinational energetic company.

Data Scientist

06/2019 - 03/2021

Altran

- Development of a ML-based predictive maintenance system for production machines
- Technical lead, planification and executive presentation of results to business stakeholders
- Ranked as global Top-20 developer in Airbus internal StackOverflow
- Digitalization of multiple business processes in Palantir Foundry, leading to considerable FTE reduction
- Generation of multiple ETL pipelines from Data Lake with PySpark following DevOps best practices

Data Scientist

06/2018 - 06/2019

Airbus

- Creation of internal tool based on NLP and Clustering, conducting to more than 2 FTE reduction
- Creation of ETL pipelines, with SFS and SQL as data sources
- Creation of a UI/UX with Python Flask for internal tool users
- Training and optimization of ML models, averaging a 75 percent accuracy

EDUCATION

Msc. Deep Learning and Artificial Intelligence

Universidad de Alcalá de Henares

Madrid, Spain

- Unsupervised & Reinforced Learning
- Supervised Learning
- Convolutional Networks
- Generative Network
- Genetic Algorithms & Evolutionary Computation
- Augmented Intelligence & Human-Machine Interaction
- Model Optimization
- Parallel & Scalable Computation

Msc. Decision Making & Innovation

Universidad de Alcalá de Henares

Madrid, Spain

- Project Management
- Agile Methodologies
- Finance
- Negotiation
- Human Resources

BSc. Aerospace Engineering

Universitat Politècnica de València

Valencia, Spain

- Mathematics (Advanced Calculus, Algebra)
- Statistics
- Fluid Dynamics
- Aerodynamics
- Thermodynamic
